Career Objective

Motivated and detail-oriented Computer Science Engineering student with hands-on experience in Python, AWS Cloud, Flask development, and database technologies. Passionate about building scalable real-world applications and continuously learning cloud and backend technologies.

Education

Chalapathi Institute of Technology – B.Tech (CSE) | CGPA: 7.6

Narayana Junior College – Intermediate | Score: 716

Nagarjuna High School – SSC | GPA: 9.7

Technical Skills

Python, C, C++, Java, Flask, HTML, CSS, AWS EC2, DynamoDB, IAM, SNS, DBMS, GitHub, VS Code, AI, IoT

Featured Project – MedTrack

Developed a Flask-based healthcare management application deployed on AWS EC2 with DynamoDB integration. Implemented AWS SNS for real-time alerts and IAM for secure access control.

Features: Appointment booking, medical history management, real-time notifications, scalable cloud deployment.

Tech Stack: Python, Flask, AWS EC2, DynamoDB, SNS, IAM

Certifications

- Zscaler Zero Trust Associate (ZTCA)
- Introduction to Internet of Things – NPTEL Elite Certification
- Artificial Intelligence Fundamentals – IBM SkillsBuild
- SmartBridge Indonesia – Project Completion Certificate

Achievements & Interests

Cloud Computing, Backend Development, Cricket, Reading Books, Learning New Technologies.

Languages: Telugu, Hindi, English
